THE LENOVO® THINKPAD® X130e NOTEBOOK

EMPOWERING STUDENTS TO DO MORE

RUGGED DESIGN WITH STRONGER BEZEL, HINGES, AND PORTS INCREASE NOTEBOOK LIFE

ALL-DAY-LONG BATTERY LIFE HELPS STUDENTS AND THEIR LAPTOPS BREEZE THROUGH CLASSES

RUBBER BUMPER AROUND THE TOP COVER PROTECTS THE EDGES OF THE SYSTEM

CUSTOM COLOURS, ASSET TAGS, AND BIOS MODIFICATIONS MAKE THE NOTEBOOK UNIQUE TO YOUR SCHOOL¹

Introducing the ThinkPad X130e, a laptop designed for students and the tough school environment, which reduces concerns about non-budgeted repair costs. This rugged laptop is powered by Intel® Core i3 and Celeron² processors and enables a more engaging, technology-based education.

Younger hands demand laptops that are a cut above the rest and the ThinkPad X130e is loaded with durability features to set your mind at ease. The island-style keyboard is designed for smaller hands and helps to keep keys firmly in place. Edges and corners are sturdier, and the hinges are designed to withstand being opened and closed more than 30,000 times! To top that off, the laptop is designed to meet military specifications for durability - making it the ideal worry-free and cost-effective option for today's educational system.
