*0% financing is an implicit lease rate. It assumes the lessee returns the equipment at the end of the lease term and does not exercise a fair market value purchase option. The first three months of the 39-month term are at \$0. The remaining 36 payments reflect the financed amount (i.e. total financed amount divided by 36 equal payments). The 2% rebate is automatically applied to the first invoice when a payment amount is due. Promotion is available to U.S. commercial customers only. Subject to LFS credit, product, and documentation policies. Taxes and other charges may apply. LFS reserves the right to terminate this promotion without prior notice.
